## Frosting Sheets

Our most popular product!

Kopykake Frosting Sheets can be used in any rear feed printer. Available in a variety of sizes, don't bleed and are easy to use.

## Edible Inks

For use in compatible printers, these edible ink kits are for printing on our Kopykake Frosting Sheets. They produce vibrant colours with no bleeding.

## Gel Colours

Decopac Gel Colours are a decorators best friend. Specially formulated to colour batters, frostings, icings, creams and more. Over 20 colours in our range.

## Airbrush Colours

For the artisanal food creators these specially formulated Airbrush Colours finish off pieces beautifully. Suitable for use in any airbrush machine.

## Decosets and Cake Toppers

Wanting to add a bit of flair to your cakes? Why not look at our range of Decosets and Cake Toppers. Perfect for parties, events and occasions.

Our range includes Golfing, Basketball, Off-roading, Fishing, Camping, Unicorns, and much more!

## Klear Kake Bands and Accessories

The Klear Kake Band is great for wrapping cakes and desserts, 500 feet of clear acetate band and 2.5 inches wide.
